VOTE411.ORG

The VOTE411 electronic voter guide is provided as a community service, by the League of Women Voters, for candidates and voters. Go to VOTE411.ORG, or click on the link located at the bottom of the League of Women Voters of Tompkins County website home page to access information. Candidates running for office are invited to provide biographical information and responses to questions provided. If a candidate chooses not to provide information, only their name and the office that they are running for will be listed. The guide also provides national and state voting and election information, a calendar of events, and links to other resources.
