

### **REDISTRICTING IN TOMPKINS COUNTY – MAKE YOUR VOICE HEARD – January 25, 5:30 pm**

The League of Women Votes of Tompkins County (LWVTC) together with LWV of Cortland County worked intensively during the State redistricting process to ensure the voices of all members of our two counties were heard by the NYSIRC.

LWVTC is now working to ensure that the voices of everyone in Tompkins County are heard by the Tompkins County Independent Redistricting Commission. However, voices can only be heard if they are raised. To date almost no members of the public have attended commission meetings and the commission is seeking more public input.

### **The Tompkins County Independent Redistricting Commission is holding the following public input sessions:**

#### **Tuesday, January 25, 5:30 PM**

**Central Tompkins County/City of Ithaca** (Legislative Districts 1,2,3,4)

Tompkins County currently has 14 Legislative Districts. To see district maps and find your district number go to <https://tompkinscountyny.gov/files2/redistricting/maps/LegDistMapsColor.pdf>. Because of the increase in the County's population following the 2020 Census, the Commission may decide to increase the number of districts. This could impact many of the current legislative districts. We should all be interested in how we could be represented in the future.

Go to <https://tompkinscountyny.gov/files2/redistricting/maps/LegDistMapsColor.pdf>, review your district, decide if you have any concerns and attend the appropriate public session.

For more information regarding local redistricting across the State, join a panel discussion **“County Redistricting: How, What and When?”** moderated by Laura Ladd Bierman, Executive Director, LWVNYS, **January 27, 7:00 PM.** Go to:
